

### [Laboratory Construction and Safety Exhibition Area](#)

**Cooperation organization:** Laboratory Construction and Safety Branch of China Instrument and Meter Industry Association

**Prominent theme:** Laboratory Construction

**Application scenarios and solutions:** Laboratory construction

**Exhibits on display:** Total laboratory solutions, secure storage devices, monitoring systems, etc

**Supporting Vertical Events:** On-site laboratory overall solution demonstration

### [Highlights of Specialized, New and Innovative Technologies Exhibition Area](#)

**Cooperation organization:** China Instrument Industry Association/Shanghai Instrument Industry Association

**Prominent theme:** Specialized, new and innovative technology

**Application scenarios and solutions:** Water/gas/pollution source/industrial park environmental monitoring, application of process control instruments in energy conservation and emission reduction, laboratory safety construction, etc

**Exhibits on display:** Environmental monitoring equipment, process control instruments

**Supporting Vertical Events:** New product launch, environmental monitoring technology forum

### [The Exhibition Area of The Leading Class Comprehensive Brand Enterprise Area](#)

**Cooperation organization:**All-China Environment Federation/Leading Class

**Prominent theme:**The leading brand of environmental comprehensive

**Application scenarios and solutions:** Environmental Integrated Solution

**Exhibits on display:** Comprehensive environmental treatment services, complete sets of environmental protection treatment equipment, environmental monitoring equipment

**Supporting Vertical Events:** The new products and technologies of the leading class were released

### [Waste Gas Treatment Industry Chain Exhibition Area](#)

**Cooperation organization:** VOCs Alliance

**Prominent theme:** Display of the whole industrial chain of waste gas treatment

**Application scenarios and solutions:**Application of waste gas treatment in terminals and emerging industries

**Exhibits on display:** Rotary Roto ,three-bed regenerative pull

**Supporting Vertical Events:**The 3rd Yangtze River Delta Pharmaceutical Industry Pollution Reduction and Carbon Reduction Synergy Governance Technology Forum and New Product Launch

### [2024 Construct a Modern Luxury House Mechanical and Electrical Area](#)

**Cooperation organization:** Heat Pump Special Committee of China Energy Conservation Association, Beiguang Media

**Prominent theme:** Build a comprehensive system based on the premise of human settlements

**Application scenarios and solutions:** The mansion scene is full of air, radiation, dual supply, and "five constants"

**Exhibits on display:** Full air system, radiation system, hot water system, water purification and bathroom system, villa elevator

**Supporting Vertical Events:** Forum on Heat Pump Comfort Systems and Low Carbon Building Development

### [Smart Connected Enterprise Convergence Demonstration Area \(Hall 5.1\)](#)

**Cooperation organization:** Intelligent Branch of China Exploration and Design Association

**Prominent theme:** Low-carbon intelligence drives the future park, and low-carbon intelligence drives the future park

**Application scenarios and solutions:** Low-carbon and intelligent solutions for the park

**Exhibits on display:** Smart park management system, building automation, energy management system, smart emergency

**Supporting Vertical Events:** 2024 China Smart Park High-Quality Development Summit

### [Ultra-Low Energy Building Technology Experience Center](#)

**Cooperation organization:** Shanghai Survey and Design Industry Association New Construction Materials Promotion Center, China Real Estate Chamber of Commerce Building Energy Conservation

**Industry Branch:** Shanghai Kunjin Enterprise Management Consulting Services Co., Ltd

**Prominent theme:** Demonstration of new materials for ultra-low energy buildings

**Exhibits on display:** System doors and windows, exterior wall insulation, shading, airtight materials, etc

**Supporting Vertical Events:** Ultra-low Energy Building Technology Sharing Session (8th Session)

### [Heat Pump Leader Position - Industry Cutting-Edge Technology Experience Area](#)

**Cooperation organization:** Heat Pump Committee of China Energy Conservation Association Heat Pump Committee of China Energy Conservation Association

**Prominent theme :** Joint display of first-line brands in the industry

**Application scenarios and solutions:** Heat pump comfort system solutions

**Exhibiting Brands:**

**Exhibits on display:** Heat pump host and system

**Supporting Vertical Events:** Forum on Heat Pump Comfort Systems and Low Carbon Building Development

**[Modular Assembly Decoration High-Quality Joint Exhibition Area](#)**

**Prominent Theme:** Prefabricated Decoration and Low-Carbon Full Decoration

**Application Scenarios and Solutions:** Renovation of old communities, stock housing transformation, comprehensive commercial scene renovation

**Exhibiting Brands:** Aozheng Copper Innovation, Quanbang Wall Materials, Ge Wall Technology, Wanshidaji, Shengxiang Flooring

**Supporting Vertical Events:** The Second Modular Assembly Decoration High-Quality Development Forum and the "Shanghai Assembly Decoration Industry Development Report" Results Announcement Conference

**Exhibition Theme:** On-site AAAAA Examination for Water Treatment Technicians

**Collaborating Organization:** National Health Industry Enterprise Management Association Water Treatment Industry Branch

**Application Scenarios and Solutions:** Theoretical and practical exams for distributors, empowering distributors, and promoting high-quality industry development

**Exhibiting Brands:** KaiNeng, Century Fengyuan

**[Environmental Equipment Catalog Specialized and New Exhibition Area\(Pavilion 6.1\)](#)**

**Collaborating Organization:** China Environmental Machinery Industry Association

**Prominent Theme:** Environmental Innovation Technology

**Application Scenarios and Solutions:** Wastewater treatment

**Exhibiting Brands:** Beipai, Fujie, Aivi, Water, China Construction Environment, Kaiquan, Zhihui, Inge Porcelain, Meishang, Xinxing, Bette

**Exhibits Displayed:** Wastewater treatment equipment

**Supporting Vertical Events:** Village and Town Meetings, Sludge Conferences, Water Supply and Drainage Wastewater Conferences, Wastewater Treatment Plant Meetings, Environmental Encouragement Catalog Conferences

**[Smart Water Affairs Exhibition Area\(Pavilion 7.1\)](#)**

**Collaborating Organization:** Three Gorges Water Affairs Group

**Prominent Theme:** Water Services Application Cases

**Application Scenarios and Solutions:** Water environment management

**Exhibiting Brands:** Three Gorges, Baowu, Jiangnan, Dagger, Shangyuan Future

**Exhibits Displayed:** Water services engineering cases

**Supporting Vertical Events:** Village and Town Meetings, Sludge Conferences, WaterS

upply and Drainage Wastewater Conferences, Wastewater Treatment Plant Meetings, Environmental Encouragement Catalog Conferences

#### [International Membrane Innovation Park Area](#)

**Collaborating Organizations:** IWA (International Water Association), International Desalination and Reuse Association, Membrane Industry Association of China, Qingdao Adié Desalination Center, Zhejiang Province Membrane Industry Association

**Prominent Theme:** International Membrane and Water Treatment, Industrial Water Purification

**Application Scenarios and Solutions:** Industrial ultrapure water, municipal water plants, industrial wastewater, reclaimed water, zero discharge

**Exhibiting Brands:** DuPont, Hyde Energy, LG, Asahi Kasei, 3M, etc.

**Exhibits Displayed:** Advanced international membrane products and technologies

**Supporting Vertical Events:** Advanced International Membrane Products and Technology Launch Event

#### [Membrane Raw Materials Specialized Area](#)

**Collaborating Organization:** China Membrane Industry Association Raw Materials Branch

**Prominent Theme:** Membrane raw materials products and equipment

**Application Scenarios and Solutions:** Applications of new membrane raw materials, innovation in membrane material products

**Exhibiting Brands:** San'ai Fu, Tuoflu, etc.

**Exhibits Displayed:** Membrane raw materials, membrane accessories, membrane production equipment

**Supporting Vertical Events:** Innovative Membrane Raw Materials Products and Technology Launch Event

#### [Industrial Heat Pump Excellent Case Exhibition Center](#)

**Collaborating Organization:** Heat Pump Professional Committee of China Energy Conservation Association

**Prominent Theme:** Excellent case of industrial heat pump

**Application Scenarios and Solutions:** Petrochemical, new energy, food, waste heat recovery, printing, pharmaceutical, etc

**Exhibits Displayed:** Excellent case of industrial heat pump

**Supporting Vertical Events:** Industrial High Temperature Heat Pump Technology Development Summit Forum

### [Healthy home plumbing system Area](#)

**Collaborating Organization:** China Federation of Architects (CFA)

**Prominent Theme:** Household water and drinking water are healthy

**Application Scenarios and Solutions:** Home improvement water supply and drainage; Domestic heating and hot water

**Exhibits Displayed:** PP-R pipes/fittings, PVC pipes/fittings, PE pipes/fittings, PVC-U pipes/fittings, other plastic pipes, etc

**Supporting Vertical Events:** The 8th China Home Decoration Industry Thousand Enterprises Procurement Summit Forum

### [Secondary Water Supply Pipeline System Area](#)

**Collaborating Organization:** Shanghai Urban Renewal Research Association

**Prominent Theme:** Urban Renewal & Old Town Renovation

**Application Scenarios and Solutions:** Municipal water supply, building water supply and drainage

**Exhibits Displayed:** Thin-walled stainless steel pipes and fittings, valves

**Supporting Vertical Events:** 2024 Urban Renewal Summit (Tentative)

### [Concealed Engineering Aesthetics 2024 "Qifen Cup" Plumber Skills Competition Advanced Race](#)

**Collaborating Organization:** Seven divided home improvement hydropower industry alliance

**Prominent Theme:** Home improvement plumbing

**Application Scenarios and Solutions:** Home improvement water supply and drainage

**Exhibits Displayed:** PP-R pipes/fittings, PVC pipes/fittings, PE pipes/fittings, PVC-U pipes/fittings, other plastic pipes, etc.; Home Improvement Wires, Fireproof Wires, Weak Current Wires, Cable Materials, Other Home Improvement Wires

**Supporting Vertical Events:** "2024 "Qifen Cup" Plumber Skills Competition Advanced Competition and Awards; 2024 National Qifen Home Improvement Plumber Summit Forum"
